SOUTHERN SPAIN GOLF AND CULINARY TOUR 2019

Thank you for your interest in Duperier's Authentic Journeys Luxury Tours.

We combine the best of the golf, gastronomy, wine, and culture of Spain with the incredible vistas and nature in the Andalusia Region.

This tour is a once-in-a-lifetime experience. It includes fabulous accommodations, including 4 and 5 Star hotels (nobility houses with Andalusia-style architecture) as well as authentic regional Spanish cuisine and wine.

We also have professional guided tours of monuments in the most spectacular cities in Andalusia, including Malaga, Cadiz, Jerez de la Frontera, and Marbella.

A UNIQUE TOUR

1. Juan Carlos Duperier organizes each tour personally, with English-speaking assistants who know the area and provide 24/7 support. Our assistants are Spaniards whom we have known for many years. Juan Carlos, who currently resides in Maryland, USA was raised in Madrid and has been traveling within Spain for 40 years. With Juan Carlos you get the best of both worlds.
2. As experienced travelers ourselves, we know what you expect from a high-end first class tour. For that reason, we meet you in Malaga and take care of all your transportation needs from the moment you land in Malaga until you depart at the

end of the trip.

3. We expect that each person will have different preferences. Our job is to support you in every way. If that means more attention, we provide it. If it means more “you time”, we respect that as well.

Enjoying the sun and golf in Andalusia 12 months a year is a reality. With close to 120 golf courses, you can enjoy your favorite sport in any of the region’s eight provinces, and on world-class courses designed by legendary players and the world’s most prestigious designers.

Andalusia is the leading golf destination in Europe due to the quality of its courses, located in privileged areas with beautiful landscapes and, in many cases, near idyllic beaches. You can enjoy equally whether you are a beginner, amateur, or professional.

On the Costa del Sol you will find more than half of the golf courses in Andalusia. Throughout the year, major amateur tournaments take place on Andalusia golf courses. Professionally, Andalusia hosts several of the championships of the European Golf Circuit, bringing together the best golfers in the world and as an amateur, you can also enjoy the great beauty of this sport in this unique setting that is Andalusia.

GASTRONOMY AND ENOLOGY

We specialize in exquisite gastronomy and enology on our tours. Juan Carlos has personally selected restaurants in each town where we stay, all of which have quality ingredients and freshly prepared meals. Some of these restaurants may be quite small and family owned.

The Mediterranean diet is in fashion. Basic products such as fresh vegetables, fruit, fish, and virgin olive oil have made Andalusia cuisine a major attraction.

Andalusian cuisine centers on fresh, local ingredients with **fish** dishes available in coastal provinces and the finest **meat** dishes inland. A huge variety of **fruit** is to be found throughout.

Andalusia's gastronomy is a faithful reflection of its history, packed with **aromas, flavors, and colors**. It is a highly varied cuisine and its traditional products make it different and delicious.

The gastronomy of Andalusia owes much to the **Moorish cuisine** of Andalusia. Its refinement came to transform many customs. Casseroles with vegetables, game stews, and different seafood dishes are the essence of this cuisine.
